

Church Planting Culture Committee Report

August 14, 2018

The committee met on 7/30/18.

Richard Edgar was enthusiastically welcomed as a new member of our committee.

Pastor Bruce began House of Prayer Everywhere (HOPE) training (three 90 minutes sessions) on 7/24/18. Committee members were encouraged to attend, if possible, and begin preparing to eventually give the training to others. Initial reactions to the first HOPE training session were shared. Attendance was not as high as hoped and diminished over the three sessions. Future sessions made need a different approach for promoting them.

The committee reviewed and updated the Madera Church Status Report for the Elders.

As special dinner meeting was scheduled for the evening of 8/26/18. Sharon and Rich Dohrmann agreed to lead the planning for it.

Reactions to the presentation made during the semi-annual business meeting on 7/22/18 were shared.

The committee spent time to brainstorm a specific prayer list for the Madera church plant. It will be regularly refreshed as prayers are answered and new needs identified.

In His Service,

Howard
